TITLE : PORTABLE COMPUTER AND
PROJECTOR USING THIS COMPUTER

ABSTRACT : PURPOSE: To easily enlarge and project an image from a note personal computer by an overhead projector.

CONSTITUTION: A display part 23 is made detachable from a main body 20 of the computer, and the main body 20 of the computer and the display part 23 are connected by an optical interface. The display part 23 is put on an original platen 1a of an overhead projector 1, video signals are transmitted from a light emitting part 27 in the main body 20 of the computer and received by a light receiving part 29 in the display part 23, and the image is displayed on the display part 23. This image is enlarged and projected by being lighted up from the back of the display part 23.
